

To all SE District members

On this Saturday (2nd May) we would have been holding the SE District striking competition and I thought it a good time to make contact.

I hope that you and your families are keeping safe and well during these strange times.

Ringling is of little importance compared to everyone's health, safety and livelihood, but I'm sure you, like me, are missing ringing and socialising with ringing friends.

We have no idea when we will resume our weekly practices, pub visits, service ringing, quarters and peals. Likewise district events are suspended until further notice. I was sorry our April walk and ring couldn't take place especially as the weather was perfect. Hopefully this can be rescheduled for a later date. The striking competition was also 'ready to go' but we will have to wait for another time to enjoy the hospitality of the Pettistree band.

As time goes on, I feel it may be months, rather than weeks, before we are ringing again and holding our district monthly events. We will keep you informed.

Meanwhile keep contact with your ringing friends in any way you can, and keep safe.

Best wishes Jenny Scase
